Dear Parents

Re: Internet Safety and Cyber-bullying Talk- Thursday 17 April 7.30 p.m. in Upper School Hall

As part of the Cluster-wide feedback on Extended Services parents requested information on a range of subjects. As an initial response to this request we would like to invite you to a talk on Internet Safety and Cyber-bullying, by the Safer Schools Partnership- Warwickshire Police, on Thursday 17 April, 7.30 p.m. in Upper School Hall, Myton School.

The internet is now integral to the lives of children of all ages opening up new opportunities whether they are using it for homework, to talk and share materials with their friends or other legitimate and beneficial uses.

The talk will explain different terminology and technologies and look at some of the specific dangers that children could face as well as providing practical advice and guidance that should make the online experience safer for all.

We would encourage parents to attend this talk as a greater understanding of this ever changing topic should be both interesting and relevant. In the meantime if you would like any further information on Cyber bullying and Internet Safety there is a very good website www.thinkuknow.co.uk that you might like to look at.

The talk will last for approximately one hour including the opportunity to ask questions.

Please complete and return the reply slip to Student Support Services so that we have an idea of the number attending the evening.

Yours faithfully

R Stock

Rebecca Stock
Extended Services Co-Ordinator
