

Myton school – Sociology AQA A Level Curriculum Road Map

Year 12 – Spring term Families and Education

Our students continue to work their way through the two year 12 topics and start to evaluate the theories and reasons for why both families and education have an impact on society. Students will start to look more closely at class, gender, ethnicity and demography.

ARRIVAL

Year 12 - Autumn term

Families and research methods

We start the year by looking at some of the main concepts and delve into the families unit straight away. Students spend the first term building up their knowledge and understanding of research methods too. In the second half of the autumn term students will study the education unit and will investigate how education helps to shape the society we live in.

Year 12 - Summer Term Theory and methods

During this term we return to our research methods and combine the studies from education. In addition we work through some of the theories which are based on paper one and three including looking at postmodernism and conflict and consensus approaches.

MILESTONE 4

MILESTONE 4

Year 13 - Autumn Term Crime and deviance Beliefs

Students begin their studies on crime and deviance and religious beliefs. Students will look at issues the impact both crime and beliefs in our society such as class, gender, ethnicity. In addition students apply what they know to contemporary society through the use of perspectives studied and case studies.
