

YEAR 11 INTO YEAR 12 TRANSITION WORK FOR A LEVEL POLITICS STUDENTS

Please submit the following assignment to sykes.m@myton.co.uk by the start of term in September.

Using evidence (Google, Wikipedia etc.) from the General Election of December 2019, write a short (approx. **no more** than 2 sides of A4) answer to this question:

What can we learn about the key issues, personalities, political parties and voting patterns in the UK from the most recent act of democratic participation in 2019?

Also, please think about the 'positives' and 'negatives' of Boris Johnson as Prime Minister. We can have a discussion along these lines during the Politics Taster Session on Tuesday 4th July.
