

EMPLOYER ENGAGEMENT

LOCAL BUSINESS SUPPORT

Myton School is committed to ensuring that their students have experience of the world of work and would welcome any support from local businesses.

Please contact: careers@myton.co.uk

FOR THE SCHOOL

We would appreciate support from local employers with the following:

- Notification on any apprenticeship vacancies
- Work experience or work shadowing opportunities for our year 10 & 12 students
- Businesses to speak in assemblies on value of STEM or STEM careers for women.
- Employers to support with career events such as mock interviews, career talks and career detective sessions.
- Sixth Form vocational courses (Hospitality, Health and Social Care, Business and Sport) are always looking to engage with businesses to speak to classes as need real life understanding, presentations, scenario-based activities or demonstrations.

If you have been involved in any of our career's activities and supported students then we would love to have your feedback, so that we can continually improve our programme.

FOR EMPLOYERS

We would like you to be able to engage with our students early as potential talent-stream for your business. Many students go to university and do not come back, thus taking that talent pipe-line out of Warwick. Working with students early or giving them access to information on higher or degree apprenticeships can keep our talent in your business.

Our apprenticeship and careers fair is open to the local community to attend. We can offer you a free stand so that the young people who attend can gain greater awareness of your careers programmes or even get some of those future apprenticeship slots filled. This event is usually in March each year.

Please contact careers@myton.co.uk for further information...
