### Exams - Post Results Services - June 2023 exam series

If you think there has been an error with the marking of your exam script, or you are unhappy about an exam result, you can request Post Results Services (PRS): a clerical re-check or a review of marking (“review of results”). You can also request a copy of the exam script (“access to scripts”). There is a significant cost for each request which is per exam script and the cost differs between the various Awarding Bodies. Each subject qualification is made up of either one, two or three written exam scripts. You may want to request PRS for either one, two or three exam scripts per subject qualification.

#### **Service 1: Clerical re-check**

This service will include the following checks:

- that all parts of the script have been marked
- the totalling of marks
- the recording of marks.

#### **Service 2: Review of marking**

This is a review of the original marking to ensure that the mark scheme has been applied correctly. Reviewers will not re-mark the script, they will only act to correct any errors identified in the original marking.

A marking error can occur because of:

- an administrative error
- a failure to apply the mark scheme where a task has only a ‘right’ or ‘wrong’ answer
- an unreasonable exercise of academic judgement.

#### **Service 2P: PRIORITY Review of marking**

This service is available for A Level students only, where a university or college place is pending. Candidates are advised to inform their university or college choices when a priority review of marking has been requested.

This is a PRIORITY review of the original marking to ensure that the mark scheme has been applied correctly. Reviewers will not re-mark the script, they will only act to correct any errors identified in the original marking.

A marking error can occur because of:

- an administrative error
- a failure to apply the mark scheme where a task has only a ‘right’ or ‘wrong’ answer
- an unreasonable exercise of academic judgement.

For these three post results services, candidate consent must be obtained in writing from the student (not the parent) and emailed from their school email address to: [exams@myton.co.uk](mailto:exams@myton.co.uk) Please indicate which subject qualification and which paper/unit/component you are making the request for. Each paper/unit/component is treated as a separate request. Candidate consent must be obtained, and payment must be received via ParentPay, by the deadline before any requests are processed.

**Please note, your marks may change and your grade can go down as well as up, or remain the same, hence the consent **MUST** be provided by the candidate themselves (not the parent).**

The deadline to request these services is by midday on Thursday 24 August 2023 for Service 2P: PRIORITY Review of marking, and by midday on Thursday 28 September 2023 for Service 1: Clerical re-check and Service 2: Review of marking

### **Service 3: Review of moderation**

This is a review of the original moderation to ensure that the assessment has been fairly, reliably and consistently applied. It is not a re-moderation of the candidates' work. Please note that if the centre's internally assessed marks (coursework or non-examined assessment) have been accepted without change by an Awarding Body, this service will not be available. A review of moderation is only available for whole subjects, not to individual candidates. If you have any queries regarding a review of moderation, please contact the Subject Teacher and/or Head of Department.

### **ATS: Access to scripts**

Awarding Bodies will provide access to marked exam scripts for written examinations. A 'script' refers to the written work of a candidate which has resulted from an externally assessed paper/component/unit.

Candidate consent must be obtained in writing from the student (not the parent) and emailed from their school email address to: [exams@myton.co.uk](mailto:exams@myton.co.uk)

Please indicate which subject qualification and which paper/unit/component you are making the request for. Each paper/unit/component is treated as a separate request.

Candidate consent must be obtained, and payment via ParentPay must be received, by the deadline of midday on Thursday 28 September 2023 before any requests are processed.

Most access to scripts services are free, however there is a cost for access to scripts post review of marking.

### **Fees**

Payment for any of the above post results services must be made via ParentPay and is detailed in the table below. Please note, fees differ between the various Awarding Bodies and include an admin fee.
