

Hello Year 5 and 6

We know that starting secondary school can be a big step.

This is a snapshot of what some pupils have been up to since they left primary school to come to Myton School as a Year 7.

From Myton School

NOTHING TO WORRY ABOUT

You might feel nervous but there is nothing to worry about. The teachers are really nice and the lessons are fun. I love that you have so much more freedom at Myton compared to primary school. The teachers trust us to move from one lesson to the next and we are treated as though we are more grown up. Don't worry about getting lost, the older children are friendly and will show you around – and you get a map!

Gabe, All Saints' C of E Junior School

EVERYONE IS HERE TO HELP

At Myton there are so many fun activities and welcoming people. You'll find plenty of clubs and events that make it easy to meet new friends and have fun. As you settle in remember that it's normal to have questions and to take your time. Everyone is here to help along the way. I'm sure you'll have a fantastic time at Myton and I can't wait for you to experience it all!

Jingle, Coten End Primary School

LOTS OF MEMORIES

I arrived at Myton worried about whether I'd make any friends, and most importantly, whether I'd get into the football team! After my second week here it became second nature. I made so many new friends, and I was on the football team! Over the time I've spent at Myton I have loved every moment shared with my new friends. I want you to know that starting secondary school is 100% not as hard as it seems, and you shouldn't overthink it. I have made lots of memories so far and can't wait to make more!

Dixie, Milverton Primary School

SO MANY FUN CLUBS!

I am doing so many fun clubs here! I do Crochet Club and Robot Wars. In Crochet Club you can create lots of different things like scarves and cute toys. In Robot Wars we are designing robots which we are then going to make and use in competitions battling against other robots!

Sophia, Sydenham Primary School

I LIKE THE TEACHERS

I really like the teachers at Myton. They always try to get the best out of you and make sure you are learning. All of my teachers make the lessons interesting and demonstrate the school values (Community Minded, Aspirational, Respectful and Engaged). They make you question your answers and make you think.

Evie, Coten End Primary School

EXPRESS YOUR PASSIONS!

Myton encourages you to express your passions, share and develop new skills and help you to build up your confidence. One of the best things about Myton is the auditions for plays and musical performances, offering a platform for young actors and musicians to build stage presence, work with others and face a big crowd, whether you are new to it, or been doing it your whole life!

Ekenokima, Coten End Primary School

YOU'LL QUICKLY FIND YOUR WAY

The school is a large site with many different blocks and buildings. It can be confusing at first to find your way around but it becomes easier to navigate after a week or so and you can always ask staff for directions. I have made new friends at Myton, learnt so many new things and had fun trying out all the different clubs.

Erica, St Margaret's Junior School

I LOVE THE SPORTS CLUBS!

One thing I've enjoyed greatly since starting at Myton is the wide variety of sports clubs available after school. For me, the netball club has been a fantastic experience. Practices are held twice a week and everyone is very welcoming, making it easy to make friends. Being part of the team has been exciting, especially when preparing for matches against other local schools. It is a great way to stay active, develop skills and feel a proper part of the Myton community. There are so many opportunities here to try new things and find something you love.

Keziah, Woodloes Primary School

THE SPORT FACILITIES ARE GREAT

The thing that most impressed me at Myton was the range of sporting and extra-curricular activities available. We have a huge indoor sports hall and beautifully laid out fields and facilities for track events, rugby, football, cricket, netball, hockey...! We even have our own astro-turf pitch and a massive gymnasium! Plus the library is about 10 times bigger than at my old school!

Auby, Claverdon Primary School

I LOVE THE FOOD!

The food in the canteen is really nice. It is almost like being on holiday with the best flavourful food ever. You can get lots of different things there like pasta, pizza and more. There are also sweet treats like pancakes and my favourite are the delicious waffles!

Phoebe, Woodloes Primary School

I ENJOY DESIGN & TECHNOLOGY

I have enjoyed Design & Technology. In the first term we have designed and made wooden boxes including making 3D printed statues for the lid. We are given responsibility to use a variety of tools in the workshop including saws, sanders, drills, 3D printers and glue guns. Next is Food Technology, which is giving me a chance to try new foods and cook things I've not cooked before.

Nathan, Coten End Primary School

CYCLING TO SCHOOL

I've found travelling to school on my bike has been really good and easy because the bike sheds at Myton are really good and the routes to school are really safe with cycle lanes making it a safe and quick journey to school.

Roman, Brookhurst Primary School

ANIMAL CARE IS AMAZING

The thing I enjoy most about Myton is Animal Care. It's a room behind the science block filled with species of animals like hamsters, spiders, lizards, rabbits, rats, mice, guinea pigs, stick insects and axolotls. It is run by a teacher called Mrs Jones. I go there during lunch and I've learnt so much about animals. For example, did you know that mice can't hold their bladders and there are rabbits that can grow to the size of a medium sized dog. My favourite animal there is Pumpkin, the hamster. Animal Care is an amazing place!

Finn, Budbrooke Primary School

SINGING IN THE COMMUNITY

I absolutely love the vocal group at Myton. We've sung at two different places this year and it feels so fulfilling to join in with many singers to sing your heart out to a community.

Eshaani, St Peter's Primary School

GREAT SPORTS CLUBS

One of my favourite things at Myton is the sports clubs, especially football and basketball. I joined a club after school and it really helped me make new friends. The teachers are friendly and encouraging and you don't have to be brilliant at sport to join in. Everyone is welcome and supported.

Igor, Coten End Primary School

THE LIBRARY IS A GREAT PLACE TO HANG OUT

My experience at Myton has been amazing. The food is great and the knowledge from teachers and kids is really good. I have made a lot of friends, the teachers give a lot of support and there are many clubs in school and out of school, for example, music has keyboard, violin and ukulele. The library has computers, games, puzzles and books and is also a great place to hang out with your friends.

Jack, Coten End Primary School

EXCITING TRIPS

What has surprised me the most about Myton is how many opportunities there are whether it's trips, clubs or lessons. There are always opportunities to try something new which has helped me feel more independent and excited about my learning. Don't be worried about moving up to secondary school. Myton is a friendly environment and you will start to feel at home really quickly.

Yevheniia, St Mary's Immaculate Catholic Primary School

I LOVE PE!

My favourite subject is PE because it has helped me follow my passion for football. I've joined the Year 7 girls' football team and I've even scored a few goals against other schools, which made me feel really proud!

Scarlett, All Saints' C of E Junior School

INTERESTING LESSONS

When you start secondary school you might get very nervous or worried. But in Myton, the teachers and other students are very nice and welcoming!

One of the things I like about Myton is the interesting lessons. In Science the practical lessons are very fun and you can discover new things. And in subjects like Music and Drama you can show your talent!

Aiden, St Patrick's Catholic Primary School

I HAVE LEARNT SO MUCH

It is wonderful here at Myton! The amount of clubs to join here is outstanding and the trips you can go on are wonderful. There are assemblies, reward trips and award ceremonies. So far I have had so much fun in lessons with really kind teachers and students, I have learnt so much and am really excited for the trips and award ceremonies coming up.

Jack, St Margaret's C of E Junior School

I HAVE FOUND MY PLACE

I have found my place at Myton. There are lots of wonderful things at Myton, too many to count, so I will just say my favourite part! I enjoy the amount of independence and difference in every lesson. At Myton each lesson is in a different place and you can choose where you eat your lunch – you can have it on the playground, find a bench to eat on, or eat in one of the spacious canteens.

Theo, Brookhurst Primary School

We look forward to seeing you in September!
